SUMMARY

I am a passionate engineering student doing B.Tech (Computer Science). I am highly motivated to gain experience during the college year to build a strong base for a successful career.

EDUCATION

Bachelor of Engineering (CSE)

Chandigarh University Aug 2021 - Present

- CSE student with CGPA of 8.4
- Expected to graduate June, 2025

PROJECTS

1.) House Price Prediction

Team Leader Nov 2021 - Jan 2022

Predicting house prices can help to determine the selling price of a house of a particular region and can help people to find the right time to buy a home.

2.) Interactive Book Using AR

As a Augmented Developer Mar 2022 - May 2022

Development of an interactive book with Augmented Reality for mobile learning.
